About Us

Why We Exist

At XYZ Science Hub, our mission is to revolutionize science learning by providing interactive, accessible, and hands-on virtual experiments. We believe that science should be engaging, fun, and available to everyone—anytime, anywhere!

Join Us

"Be a Part of the Science Revolution!"

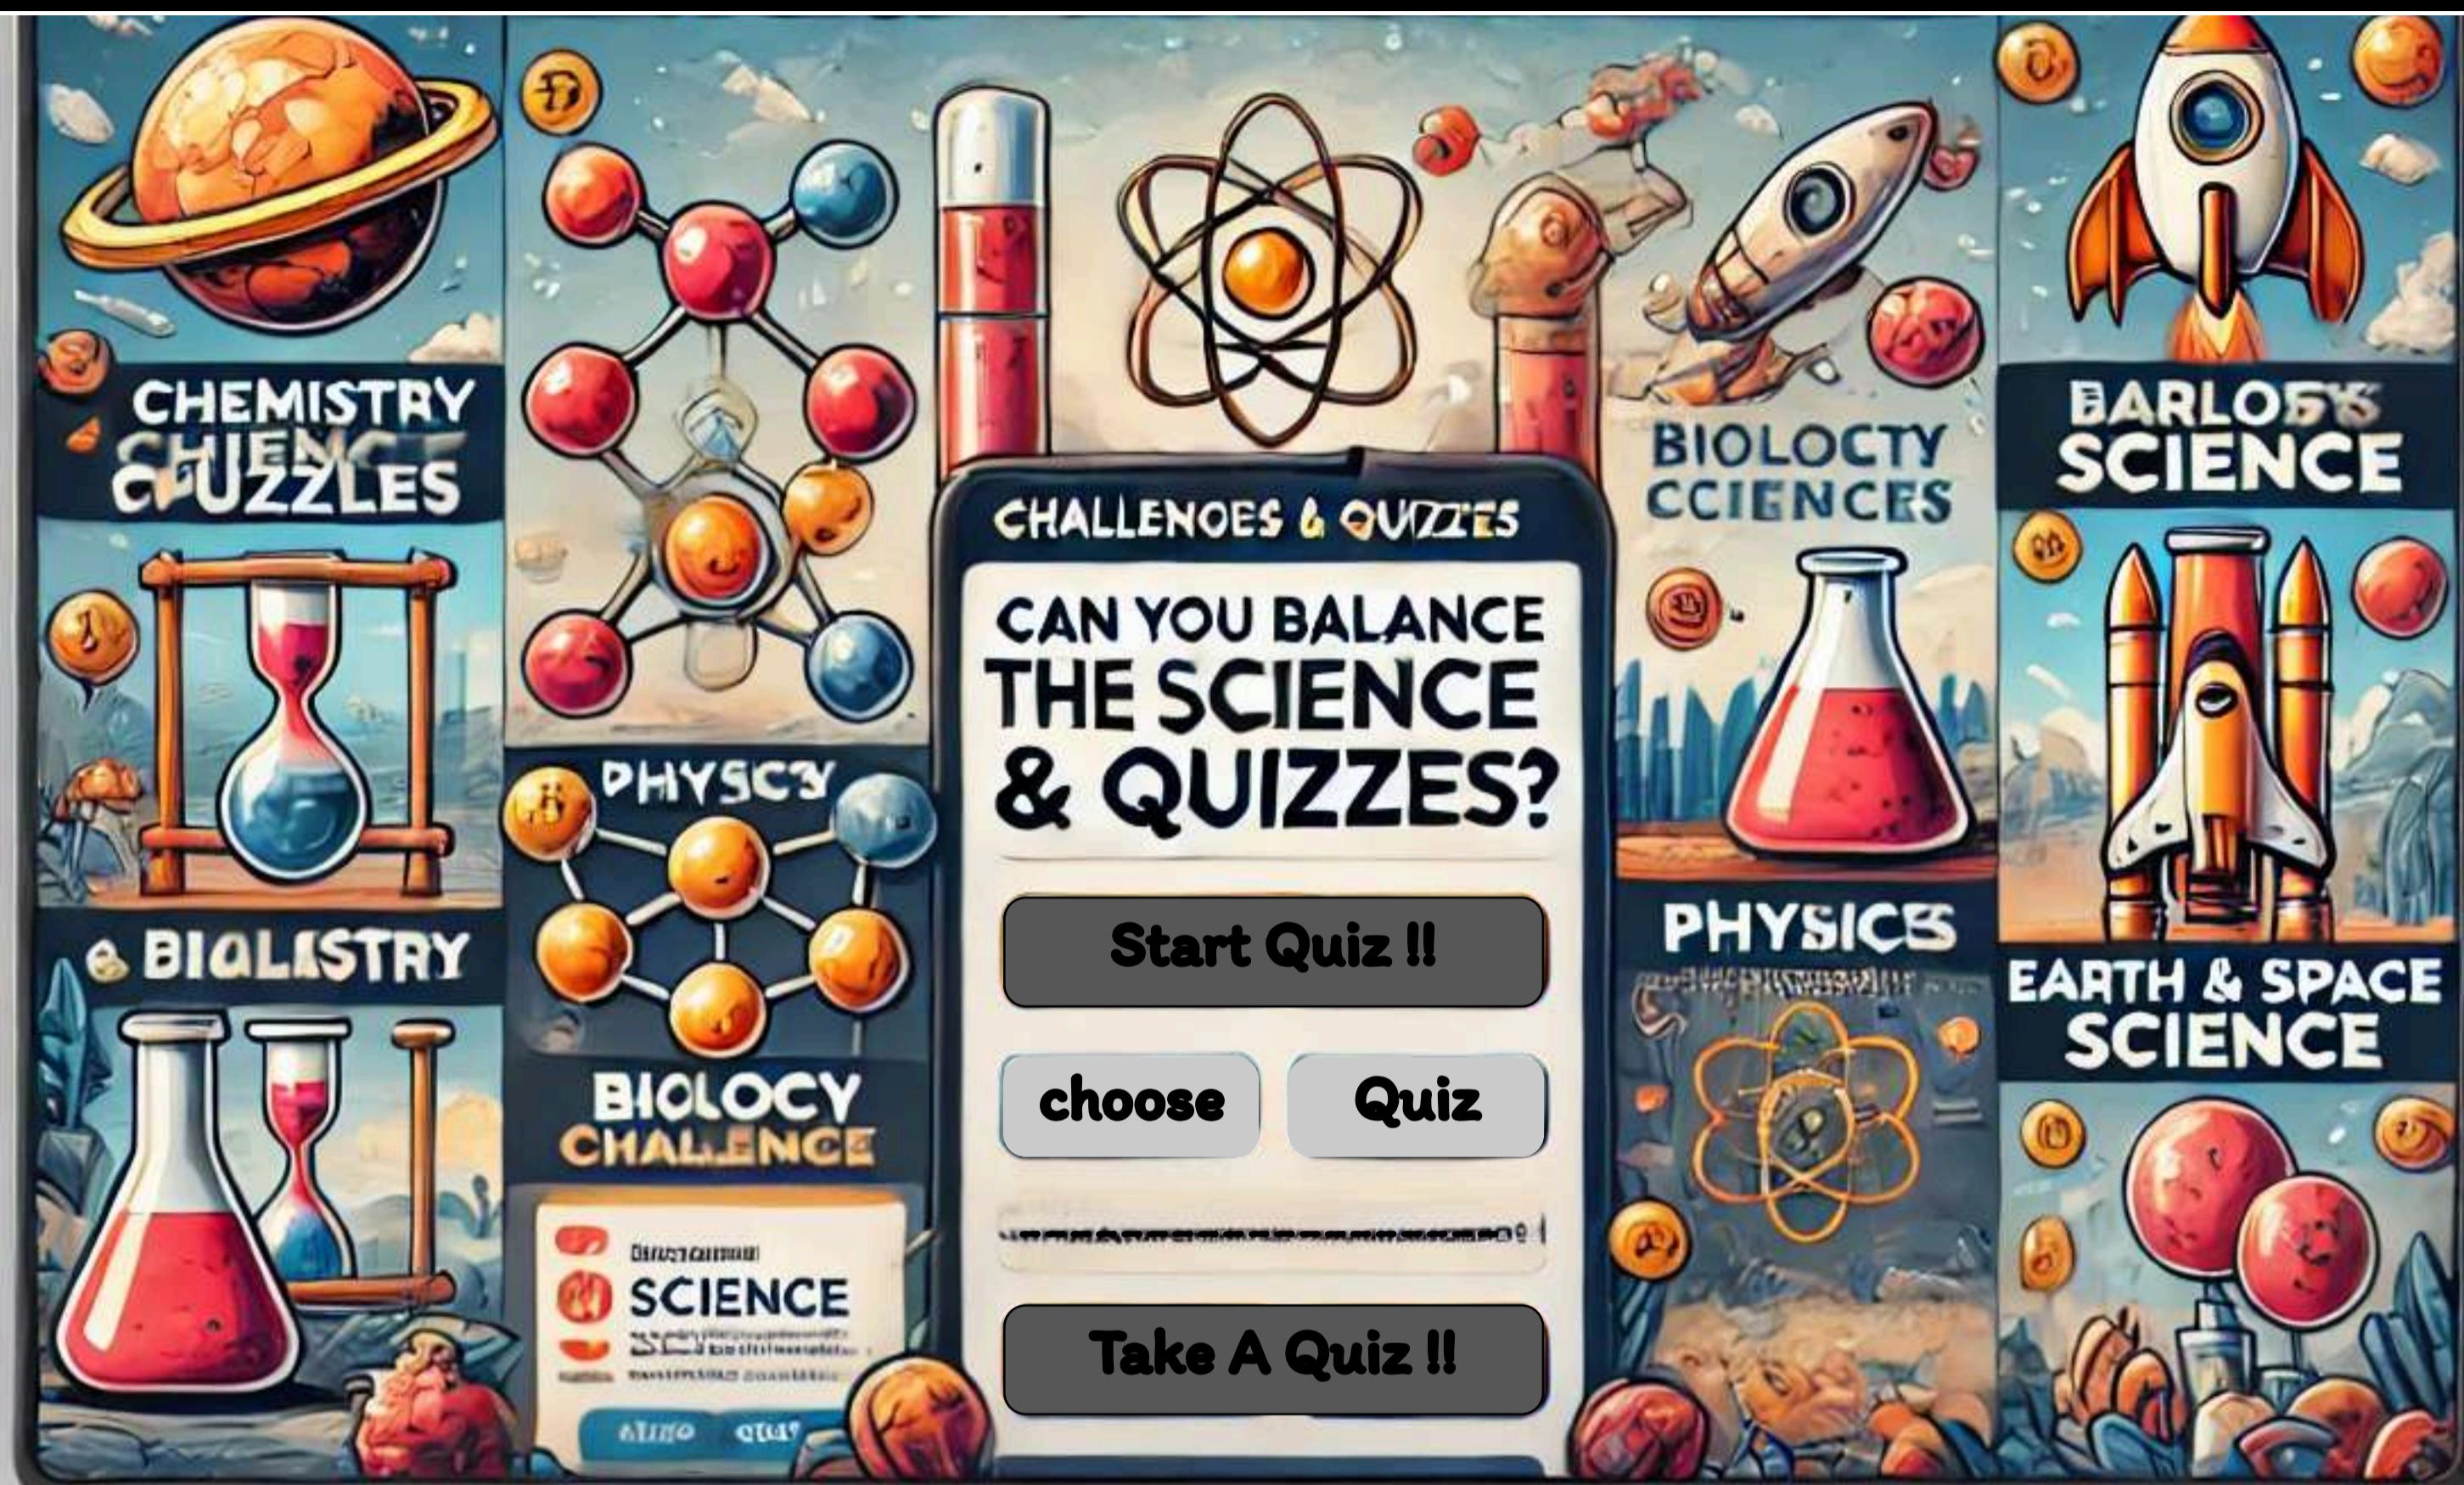

Join the Community — Discuss experiments, ask questions, and share knowledge.

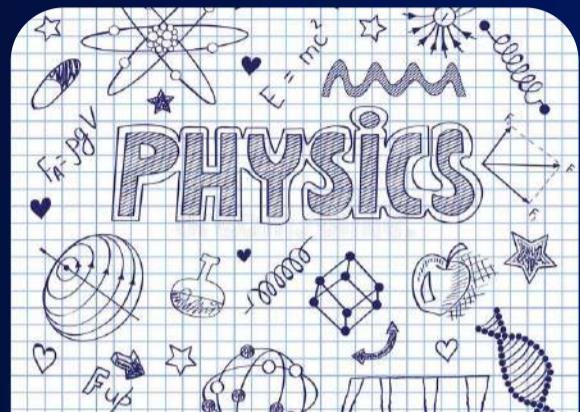

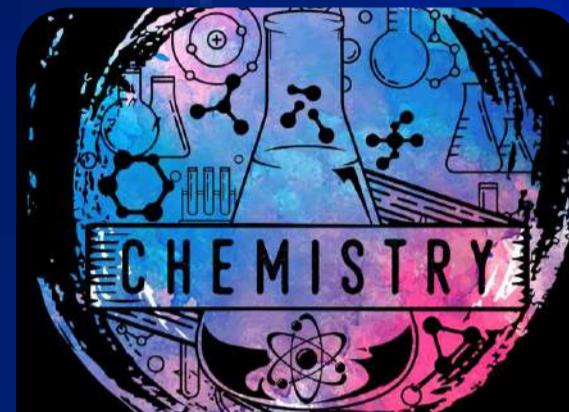

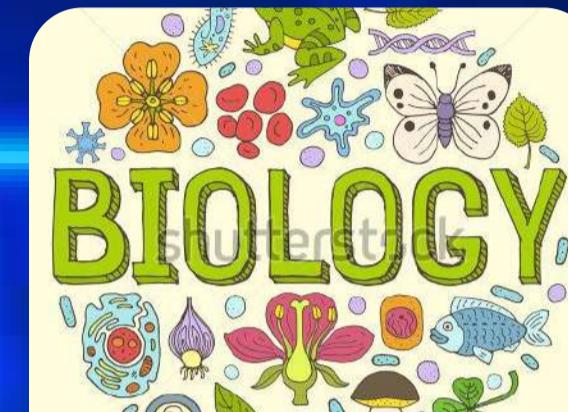

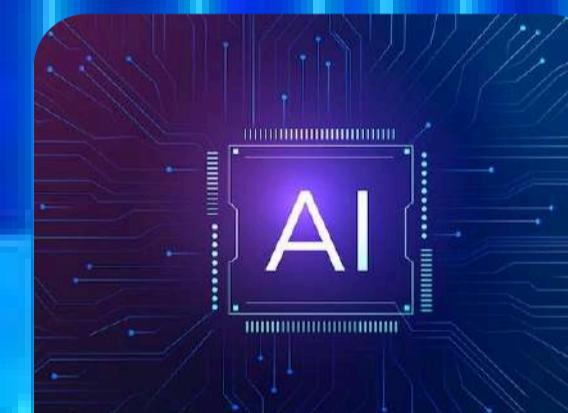

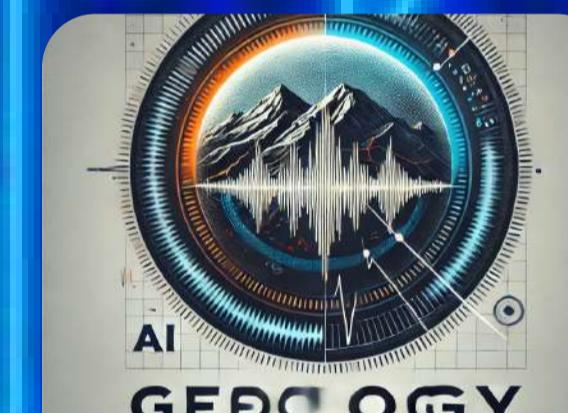

Discover What We Provide

- Virtual Science Experiments — Conduct physics, chemistry, and biology experiments online.
- Interactive Simulations — Engage with real-time science models.
- Educational Resources — Lesson plans, worksheets, and study guides.
- Community & Collaboration — Forums, discussions, and shared experiments.
